PHYSICS II VOCABULARY ACCELERATION
Chapter 23: Electric Potential

DIRECTIONS: Define the following words from the chapter. (Note: “†” means it is located twice in the chapter. Include both definitions. “*” means read the section to define the vocabulary term.)

1. Electric Potential (23-1)
2. Potential (23-1)
3. Difference in Potential (23-1)
4. Potential Difference (23-1)
5. Volt (23-1)
6. Voltage (23-1)
7. Equipotential Lines (23-5)
8. Equipotential Surfaces (23-5)
9. Electric Dipole (23-6)
10. Dipole Moment (23-6)
11. Electron Volt (23-8)
12. †Cathode Ray Tube (23-9)
13. Thermionic Emission (23-9)
14. Cathode (23-9)
15. Anode (23-9)
16. Cathode Rays (23-9)
17. †Cathode-Ray Tube (23-9)
18. Oscilloscope (23-9)
